CABAS®

Chosen by the best hotels and restaurants worldwide

Nata nel 1975 dall'intuizione del singolo, ha attraversato momenti di forte prosperità e momenti difficili, mantenendo sempre inalterata l'eccellenza produttiva di sedute contract di lusso.

Cabas rinasce ora con una nuova proprietà italiana. La nuova proprietà è Dway Group, un'azienda veneta attiva nel settore dell'arredo da oltre un decennio.

Le nostre collezioni sono disegnate e prodotte in Italia, attraverso una consolidata filiera locale che garantisce un'accurata scelta di legni e materiali di rivestimento, un processo produttivo tecnologico moderno e sicuro ed una lavorazione artigianale del dettaglio.

Siamo orgogliosi di fornire ad hotel, ristoranti, navi da crociera e sedi aziendali prestigiose le nostre collezioni, arredi e sedute esclusive. Per esclusivo intendiamo ben oltre il rivestimento in pelle pieno fiore e la verniciatura antigraffio: ogni complemento è progettato tenendo conto l'uso finale.

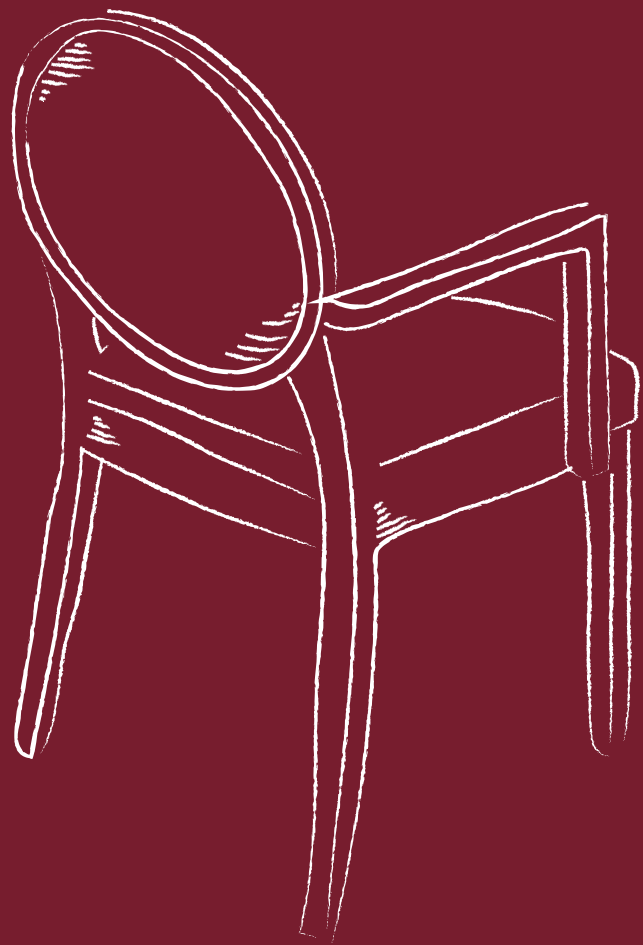

Cabas is part of the Italian furniture history. Born out of one's intuition in 1975, it has gone through strong moments of growth and prosperity and also hardships, but never compromised in its high-end contract furniture production. After years of absence, Cabas is reborn with a new all-Italian property. The new owners are Dway Group, a company from the Italian region Veneto that has been working on the furniture sector for over 10 years.

Our collections are entirely designed and produced in Italy, through a well-established local supply chain that guarantees a careful selection of wood and materials, a modern and technological production process and care for the details followed by artisans.

We are proud to provide stunning hotels, top restaurants and premium cruise ships as well as company headquarters around the world with our exclusive furniture. By "exclusive" we mean far beyond full-grain leather upholstery and scratch resistant lacquered frames: each furniture item is designed taking into consideration its final use.
